

Benefits of Tail Spend Management

The CCS Tail Spend Solution can generate efficiencies with suppliers and internal processes, as well as ensuring that social value is factored into the procurement process.

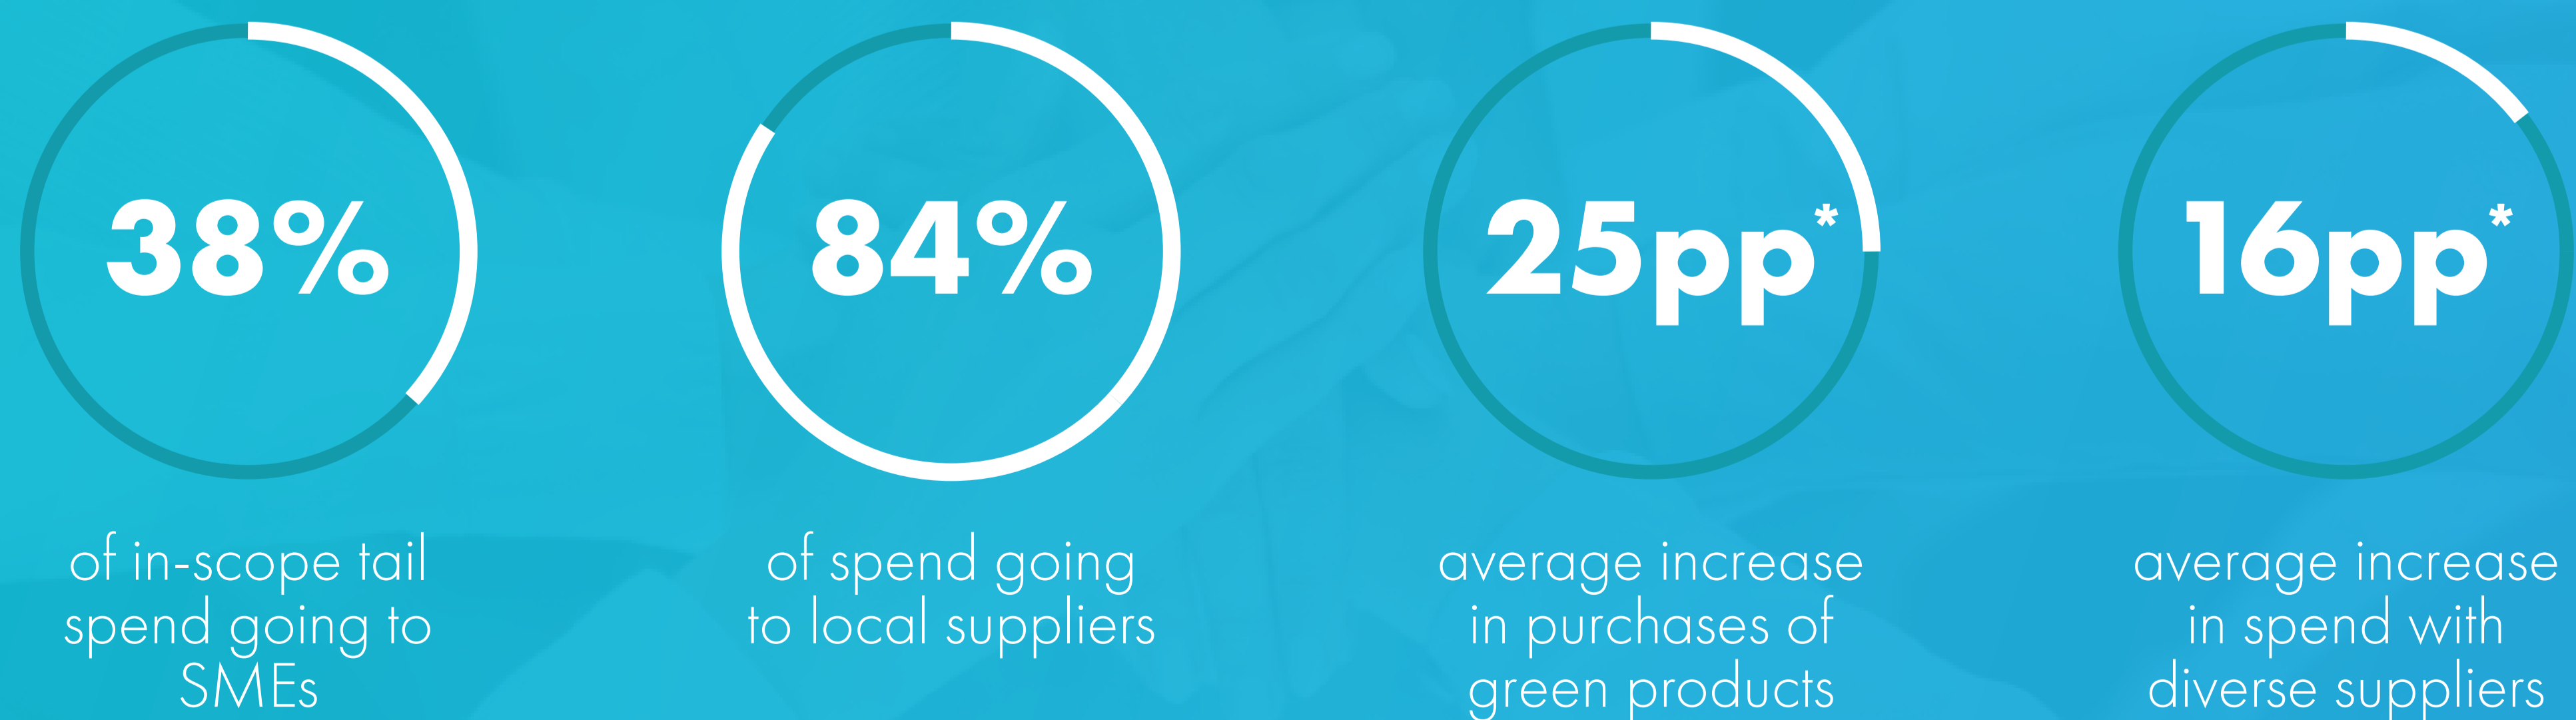

Based on industry benchmarks and case studies, an organisation could expect:

Social Value Benefits

It can also ensure that social value is factored into the procurement process.

Based on industry benchmarks and case studies, an organisation could expect:

*pp means percentage points. If green purchasing goes up from 10% to 35%, this is a 25 percentage point increase, not a 25% increase.
